Topic:

Scams in Pakistan

Here are 10 common scams people face in daily life in Pakistan:

Relatives Emergency Scam:

- Someone calls pretending to be your relative in trouble (accident, jail).
- Targets elderly people more frequently.
- Urgently asks for money, Common amount asked for PKR 20,000–200,000.

Reality: Emotional manipulation to rush you.

Prevention: Always call the relative directly on their known number.

Fake Online Shopping Pages:

- Instagram/Facebook pages selling cheap branded items.
- Take advance payment, then disappear.
- **Common trick:** “Limited time sale” to force quick payment.

Reality: No product has been delivered.

Prevention: Check reviews, avoid advance payment, prefer Cash on Delivery.

Sim Blocking / PTA Scam:

- Message says your SIM will be blocked by Pakistan Telecommunication Authority
- You must “verify” via a link or call.
- Aim to collect **CNIC** or **SIM details**

Reality: It’s a phishing attempt.

Prevention: PTA never asks for verification via random links or calls.

Fake Job Offers:

- Popular platforms used: WhatsApp, Facebook, email.
- You get a job offer without applying, often abroad (UAE, UK, Saudi Arabia).
- Asked to pay “visa” or “processing fees.”

- Victims lose **PKR 50,000–500,000** in “processing fees.”

Reality: Job does not exist.

Prevention: Verify company existence and never pay upfront.

Fake Prize / Lottery Scam:

- You receive an SMS or WhatsApp saying you’ve won a prize (car, cash, Umrah ticket).
- Use fake branding of companies like Jazz or banks.
- They ask for a processing fee or personal details.
- Typical demand for PKR 5,000–25,000 as **tax** or **processing fee**.

Reality: There is no prize.

Prevention: Legit prizes are never given randomly without participation.

Easypaisa / JazzCash Impersonation:

- Caller pretends to be from Easypaisa or JazzCash
- Ask your **PIN** or **OTP** to fix an issue.
- Once shared, money is withdrawn instantly.

Reality: They drain your wallet.

Prevention: Never share OTP or PIN even with **support staff**.

Bank Account Verification Scam:

- Caller claims to be from a bank (like HBL or UBL)
- Use professional tone to gain trust.
- Common method “Your account will be blocked unless verified.”
- Asks for OTP, CNIC, or card details.

Reality: Banks never ask for this.

Prevention: Hang up and call official bank helpline

Courier Parcel Scam:

- You receive a call saying a parcel is stuck (sometimes “illegal items found”).
- Asked to pay fines or share details.

- Sometimes it pretends to be from customs or FIA.

Reality: No parcel exists.

Prevention: Verify tracking via official courier websites.

WhatsApp Account Takeover:

- You receive OTP and scammer asks for it by mistake.
- They ask you to share it back.

Reality: They use it to take over your WhatsApp.

Prevention: Never share OTP, enable two-step verification.

Fake Investment / Crypto Schemes:

- Promises of “double your money in days.”
- Uses fake dashboards/apps to show profits initially.
- Often linked with fake apps or Telegram groups.
- Then blocks withdrawals.
- Loss range of PKR 10,000 to million.

Reality: Early payouts are fake, later money disappears.

Prevention: If returns sound unrealistic, it’s a scam.

Facebook Marketplace Fraud:

- Fake profiles sell cars, bikes, or phones cheaply.
- Targets high-demand items: Cars, bikes, iPhones
- Ask for “token amount” to reserve item.

Reality: Seller disappears after payment.

Prevention: Always meet in person before payment.
